Your city cannot consider any contractors, even as part of a bidding or RFP process, unless they have given you the appropriate E-Verify contractor affidavits.

Contractors are defined as those who provide any "physical performance of services," which means any performance of labor or services for a public employer using a bidding process or by contract that costs over \$2,499.99 in value between December 1 and November 30 of any given year. Typically, eligible contracts may include: New construction or the demolition of structures/roads Routine operation, repair, and maintenance of existing structures. The contractor collects E-Verify affidavits from its subcontractors. The subcontractors collect E-Verify affidavits from its sub-subcontractors. Independent contractors (those with no employees) do not need to supply E-Verify information. Instead, they will provide a driver's license or state identification card from states on the "compliant" list created by the Georgia Attorney General. Those contractors and subcontractors that fill out the affidavits are responsible for the accuracy of the information. The city does not need to confirm that the E-Verify information is correct.
